3. ASSISTING THE NEEDS OF THE VULNERABLE POPULATION

Put them at higher risk of sickness or need accommodations to sustain life. Socioeconomically disadvantaged, uninsured or those with certain medical conditions/disabilities that would not be able to attend to basic necessities at home. Vulnerable populations include people who are children, elderly, etc.
First responders & police officers, the firefighters, paramedics, and prison employees.

Process for General Public: does not specifically apply to workers at a health-care facility.

If you or your close contacts is symptomatic and you must leave home, you should cover your nose and mouth with a homemade mask or scarf, bandana, or hankerchief.

Should I wear a mask?

You may leave if you are symptom-free.

After staying home for 7 days, have you been symptom-free for 3 days?

Stay home for 7 days after you were tested or developed symptoms.

Stay home for 14 days after your last contact with the sick person.

If you have symptoms of COVID-19 or have been diagnosed with COVID-19, I have developed symptoms of COVID-19.

If you have symptoms of COVID-19 or have been diagnosed with COVID-19, I have developed symptoms of COVID-19.
